Re: Status Report on Bay Area 2001 Ozone Attainment Plan

RECOMMENDED ACTION:

Receive and file.

DISCUSSION

The SIP Status Report provides the Board with a monthly update on the status of rule development activities and further study measures implementing the Bay Area 2001 Ozone Attainment Plan. Attached are an updated "SIP Rule Development Calendar" and an updated "SIP Further Study Calendar."

Workshops were held for Measures SS-12 (storage tanks – June 27th), SS-13 (surface preparation solvents – June 20th), and SS-14 (solvent cleaning – June 18th). Comments made at the workshops and post-workshop written comments are now being reviewed and discussed among staff and with commentors.

The further study schedule has been updated to reflect activity during June. Scheduled delivery dates remain unchanged.

Respectfully submitted,

Ellen Garvey
Air Pollution Control Officer
